Notes: Data for Nunavut and the Western NWT based on published census division information, adjusted for the community of Holman.
The symbol "-" refers to zero or too small to be expressed, while ".." refers to not applicable or not available.
Percentages may not sum to 100 due to rounding.
The 2A census information refers to data that is collected for all Canadians. The information based on the 2B questionnaire is collected for one out of every 5 households in southern Canada. For the Northwest Territories ALL households complete the 2B questionnaire.
